NINH VAN BAY

Vietnam

Location

Six Senses Ninh Van Bay is located in its own secluded bay offering uncompromised luxury in an untouched, picturesque setting where traditional Vietnamese architecture is blended into the natural surrounding. Imposing rock formations, lofty mountains, a white sand beach and lush vegetation embrace the Six Senses, which can only be reached by boat. The car transfer from the airport to our jetty takes approximately 1 hour, and from there the boat transfer takes 20 minutes to bring you to Ninh Van Bay.

Concept

Six Senses identifies the boutique category of Six Senses. Attention to detail and focus on the reality of the destination is the driving force, together with a focused commitment to the environment. Accommodations provide generous personal space and present an uncompromised standard of luxury. Six Senses offers elegantly designed modern architecture positioned with an image supporting the Six Senses theme – *Redefining Experiences*. The site of this Six Senses on dramatic Ninh Van Bay is quite unique, taking full advantage of the setting. Impressive rock formations, the coral reef, white sand beach, a playful stream and the towering mountains behind, all add to the sense of being luxuriously at one with nature.

Six Senses Ninh Van Bay also presents the reality of the destination, with an architectural style reflecting the traditions of Vietnam. This is very evident in the reception champa and dining pavilion, which are classic Vietnam structures transported across the water and assembled at the site.
